PROJECT: HARBOUR BEACH CLUB & HOTEL

A STYLISH WATERFRONT HOTEL AND RESORT FEATURING 50 ROOMS, SUITES AND AN ALL-DAY DINING RESTAURANT THAT OFFERS GUESTS A LUXURY ESCAPE IN AN AREA OF OUTSTANDING NATURAL BEAUTY.

PROJECT OVERVIEW

Opened in August 2021, Harbour Beach Club & Hotel is a stylish waterfront hotel and resort on the beach in Southern England. Nestled in an area of outstanding natural beauty, every element of Harbour Beach Club and Hotel is inspired by its surroundings. Featuring 50 rooms and suites decorated in earthy palettes, a laid back restaurant with floor-to-ceiling windows frame the picturesque coastline and bring the outside in.

HOW WE HELPED

Within the early stages of the project, multiple Woodworks ranges were being reviewed by Do Design Studio and the end client. From the very start it was clear that Champagnery was the firm favourite. Its rich warm and natural tones and rustic appearance which would be accentuated by the restaurant's immense windows that lead the way for the sunlight.

OUTCOME

Throughout the design scheme, the colour palette runs through earthy tones to give the desired natural feeling. By mixing soft sienna tones with subtle flairs of green and blue, and natural products like the wood floor, the restaurant showcases the scenery of England and creates the perfect year-round dining spot.

FEATURED FLOOR

CHAMPAGNEY HERRINGBONE AGED COLLECTION

Aged European Oak Herringbone
Rustic & Burnished Hardwax Oil
W: 4" | D: 3/4" | L: 1' 7 3/4"

WOODWORKS BESPOKE

BESPOKE WOOD FLOOR BY WOODWORKS

By using our bespoke flooring service, you can experiment with pattern, scale, grade, texture, edge details, tone, finish and more to create a unique wood floor that you will find nowhere else on the planet.

Ordering one of our bespoke floors allows you to not only design the floor down to the smallest detail, but it's also created using a variety of handcrafting techniques in our English workshops so that the end result matches your specification perfectly.

Decades of experience shows us the importance of understanding each project's individual requirements – so we always work incredibly close with you to create a floor that complements the interior and works within your timeframe and budget.

Be sure not to limit your imagination, as no matter the project's challenges, Woodworks are on hand to bring your vision to life.

OUR CERTIFICATIONS EXPLAINED

We go above and beyond the usual environmental and sustainability standards, and have many third party accreditations.

In short, all of our timber (whether floors or wall cladding) follow the UK Timber Regulations as standard, which verifies that all of our timber is legally harvested.

All of our floors are also SVOC free and have low VOC emissions. SVOCs are pollutants at the molecular level which are emitted from synthetic man-made materials such as LVT, vinyl and plastics.

Talk to our team today about using sustainable wood flooring in your project.

COLLECTION	CERTIFICATION	 A global organisation that guarantees that felled timber is sustainably sourced	 Promoting sustainable forest management through independent third-party certification	GENUINE RECLAIMED SOURCED Genuine reclaimed wood re-used from reclamation sites	GENUINE ANTIQUE SOURCED Genuine antique wood upwards of 100 years old	UKTR UK regulations that confirm timber is legally harvested	 All of our floors are free from semi-volatile organic compounds	 All of our floors have very low levels of volatile organic compounds
